

Business Process Expert – Governance & Standards (m/f/d)

ID CB06193

The Company

Our customer is a cutting-edge technologies and services provider for the global construction industry segment. It is a great place to bring value and grow your career. Currently they have close to 30000 employees, which they are looking to expand.

Currently, we are looking for a 'Business Process Expert – Governance & Standards (m/f/d)' in Switzerland.

Responsibilities

- Main objective of this role is to drive, advance and execute process management governance in strong alignment with the business needs of the different Lines of Business in the Headquarter and all regions.
- You are responsible for the review, optimization and further development of the Global Process Management System (GPMS).
- Inseparable part of the role is the responsibility to prepare, organize, and manage internal as well as external process audits and drive all needed actions to achieve the necessary external certifications on a global scale.
- As Business Process Expert – Governance & Standards you will communicate with various stakeholders from line level up to board members.

Requirements

- For this position, we are seeking a strong and pragmatic personality with drive, the ability to think strategical as well as conceptual, who is looking for solutions, instead of excuses. If you are a creative, innovative, structured, and open-minded personality, with strong communication skills and a demonstrated ability to work both independently and in a global team setting, ready to further grow and develop, you are exactly what we are looking for.
- Master's degree in Business Administration, Information Technology, or similar; PhD would be an added advantage
- Minimum 3 to 5 years of experience in the area of Business Process Management (BPM) and / or Strategy Development
- Proven experience in Quality and Audit management, ideally from corporate matrix environment (incl. knowledge of ISO 9001, 14001 standards)
- Project Management experience
- Knowledge of Lean and Six Sigma would be an added advantage
- Fluent in English (verbal and written), multi-lingual preferred

What we offer

- Excellent company culture which stands for an ambitious but caring working environment
- Great opportunities to develop your career with a global player and international innovation driver
- Competitive salary and a wide range of benefits, these may include day care for your kids or a free in-house gym
