
Digital Workplace Engineer – Digital Workplace Devices (m/f/d)

ID FM26071

The Company

Our customer is a cutting-edge technologies and services provider for the global construction industry segment. It is a great place to bring value and grow your career. Currently they have close to 30000 employees, which they are looking to expand.

Currently, we are looking for a 'Digital Workplace Engineer – Digital Workplace Devices (m/f/d)' in Switzerland.

Responsibilities

- You will work closely with the regions and business partners to analyse and understand the client devices (laptop, PCs, printers, tablets, AR/VR headsets, smartphones, etc) that they need in their daily work life.
- You will collaborate closely with vendors (Microsoft, HP, Lenovo, Apple, etc) and engineers from Network/Software teams for preparing the right workplaces for various types of end-users at Hilti.

- You will be involved in device certification, troubleshooting (3rd level support), Operating System management, Modern Device Management (Intune/Autopilot), BYOD, virtual desk and client security. We will be maintaining the communication and marketing for update the end-users on the latest available workplaces for them as well as a proper monitoring system for alerting us on any device issues.

Requirements

- Bachelor degree in Computer Science, Information Systems, Engineering or related fields
- You are a subject Matter Expert in **one** of the following areas: Windows devices / Apple Devices / Operating System / Smartphones / BYOD / Modern Device Management (Intune/Autopilot) / Client security (Windows ATP, client scanning, hardware encryption, security risk-threats-prevention).
- 2 years of technical experience in IT workplace and the willingness to grow in technical area for 2-5 years.
- Fluent in English, document writing, vendor/stakeholder management
- Passion for reporting, critical analysis and innovation

What we offer

- Excellent company culture which stands for an ambitious but caring working environment
- Great opportunities to develop your career with a global player and international innovation driver
- Competitive salary and a wide range of benefits, these may include day care for your kids or a free in-house gym
